Achievements/Tasks

- In period of one month, she has shown a genuine concern for the underprivileged section of the society. She worked hard to make their life better. I was impressed by the content he created for our Social Media handles. Her result-oriented work has increased the virtual reach of the NGO. I admire the research she has done for promoting social awareness on Social Media. She has been punctual throughout the internship. In my opinion, Divyanshi would be a good addition to your team.
